## DEAR RECRUITER

I just recently completed my Btech degree. I was expected to complete my degree in 2021 but it got extended due to some backlogs and at the mean time and i also done a full stack MERN course in ICT academy of kerala. My skills include **react.js, node.js, mongodb, express.js** and **java** so i have a basic knowledge in web development.

My academic strengths have greatly contributed to the development of my collaboration, observation and teamwork skills. I bring clear and effective communicating to build professional connections with co-workers, management and customers. I would welcome the opportunity to further discuss the details of my experience and attributes which I believe will be an asset to the **microsoft** team.

Please review my attached resume for additional insight into my background. Thank you for your time and consideration.

Sincerely,

**AMAL MURALI**
